ABOUT eSCARS

eSCARS

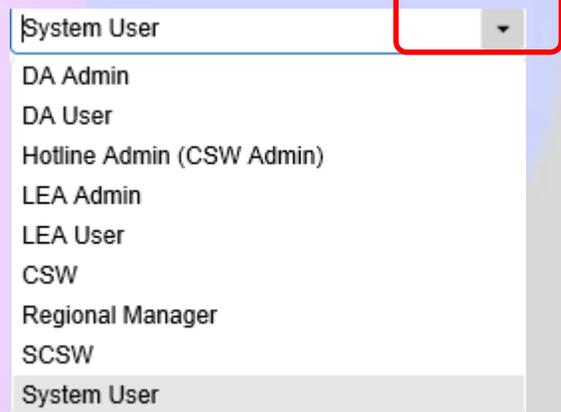

The Electronic Suspected Child Abuse Report System (eSCARS) is a web-based application that allows DCFS, Law Enforcement Agencies (LEA), and the District Attorney (DA) to “cross-report” to each other the state mandated **form-SS8572**, called the Suspected Child Abuse Report (SCAR). The eSCARS system was deployed by LA County in 2009, and was enhanced in June 2017 to include new functionality. The eSCARS interfaces with the State of California’s Child Welfare System / Case Management System (CWS/CMS) and its DataMart.

The eSCARS system will keep track of historical SCAR information which will allow DCFS, LEA, and DA to query historical information such as (victims, suspects, addresses, etc).

User Roles

There are 11 User Roles within eSCARS; each role performs specific functions and have access to view certain menu options.

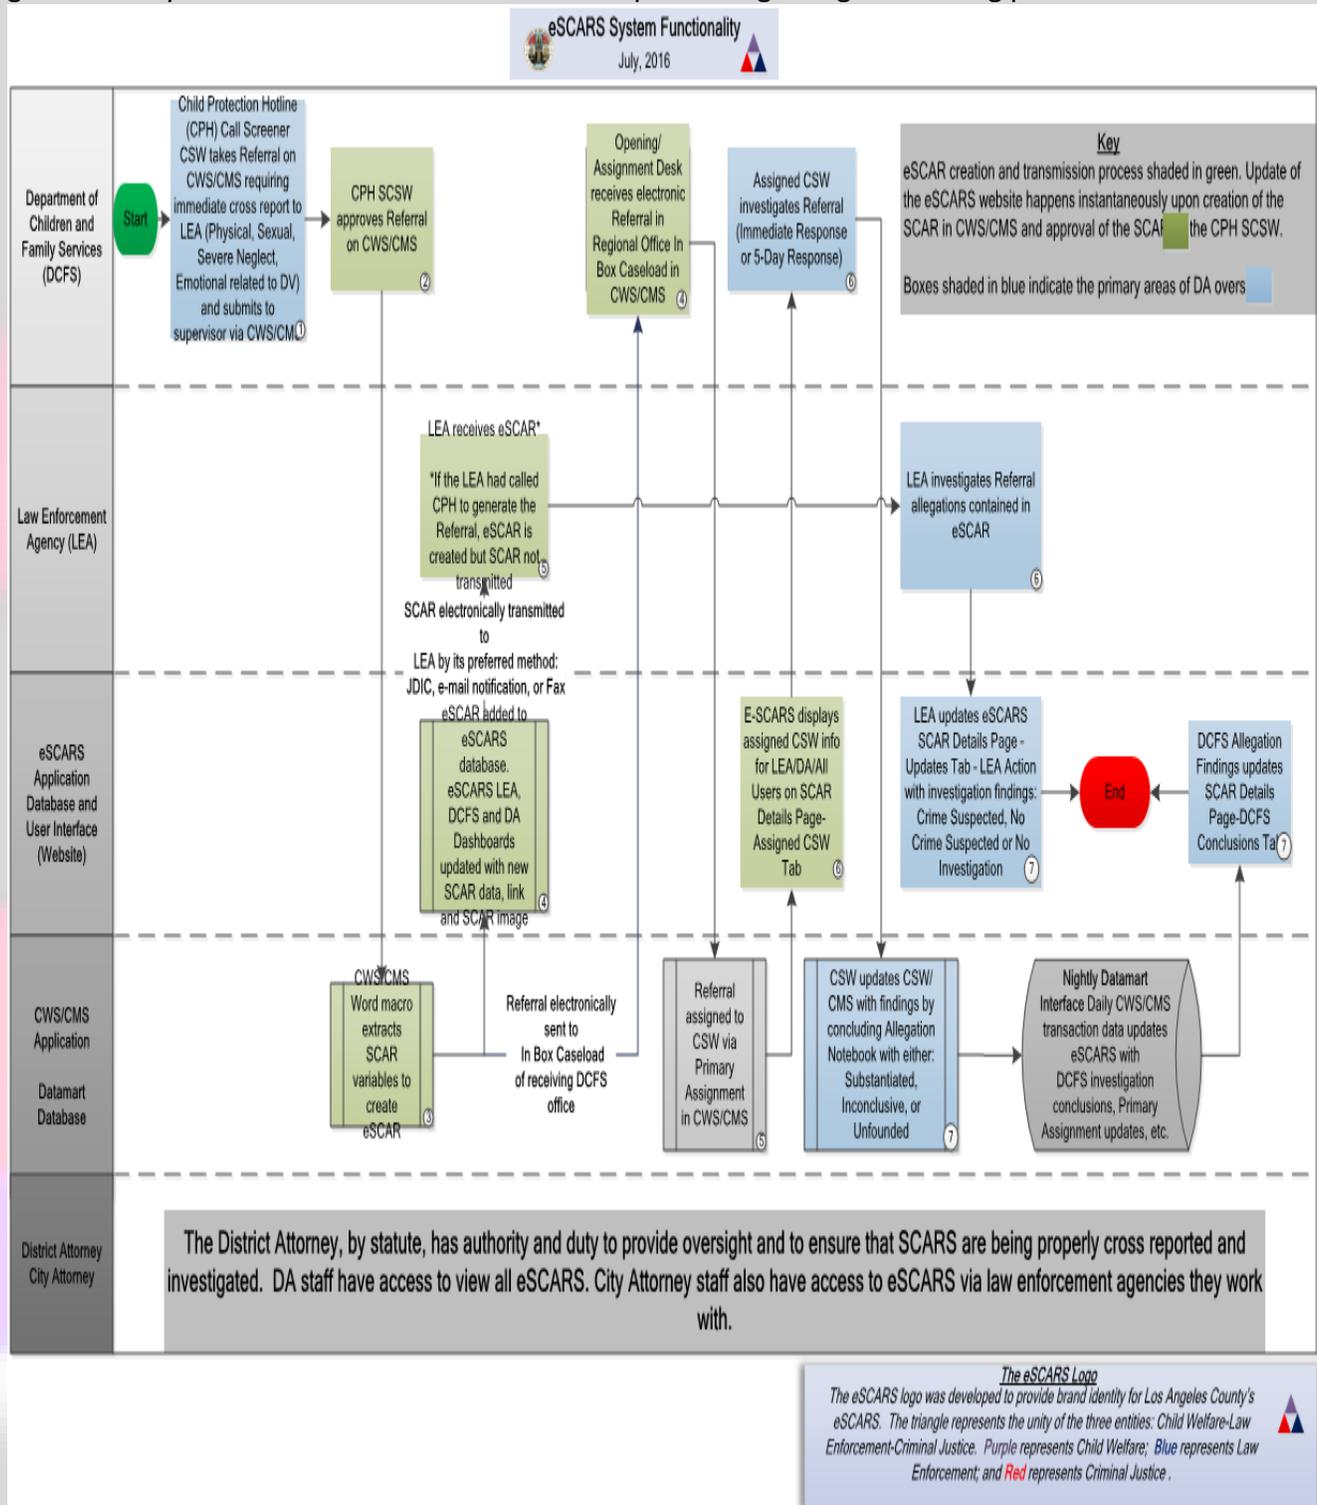

- **System User** – Primary staff are DCFS-Business Information System staff who have all privileges and can modify every role associated to eSCARS. The System User will have the capability to grant/revoke access to each section in eSCARS
- **District Attorney Admin** – Access to view all SCARS, including Sensitive SCARS. Can view and run all reports, and modify User Roles within the DA Organization
- **District Attorney User** – Access to view SCARS and run some eSCARS reports
- **DCFS Hotline Admin** – Access to view SCARS generated and send DCFS referral request
- **LEA Admin** – Can update the status of a SCAR, view Sensitive SCARS, run reports and can create new LEA users
- **LEA User** – Can, view dashboard, select SCARS, update LEA status, Reroute or Forward a SCAR. LEA Users cannot view Sensitive SCARS
- **DCFS Children’s Social Worker (CSW)** – Can view eSCARS on their assigned caseload and can add comments
- **DCFS Regional Manager** – Access to view all SCARS
- **DCFS Supervising Children’s Social Worker (SCSW)** – Can view all ER caseloads in their DCFS Services office eSCARS Workflow

System Functionality

The following diagram describes the current eSCARS process, and tracks how the SCAR is generated by the DCFS Hotline. The flowchart captures beginning and ending processes.

Acronyms

Term	Definition
eSCARS	Electronic Suspected Child Abuse Report System
SCAR	Suspected Child Abuse Report
LEA	Law Enforcement Agency
DA	District Attorney
SCSW	Supervising Children's Social Worker
CSW	Children's Social Worker

System Requirements

To access the eSCARS web application the following conditions are required:

- Internet Access. Any web-browser can access eSCARS. This is enhancement from the previous version
- Access to the County of Los Angeles Network (Active Directory)
- Independent LEAs (Outside County Agencies) must have a UserID & Password
 - Password must be 10 characters long

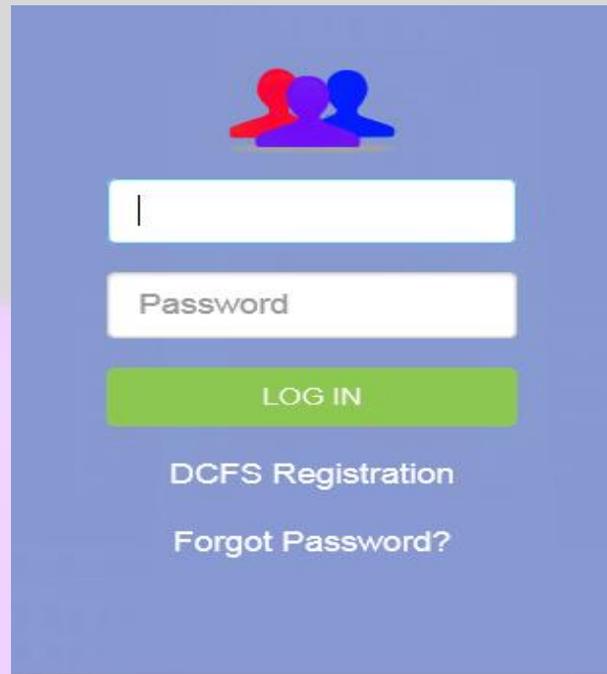

QUICK GUIDE

Login Page

User Name

Users accessing eSCARS will enter their ID and Password.

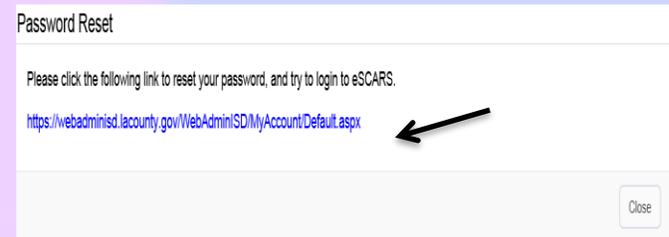

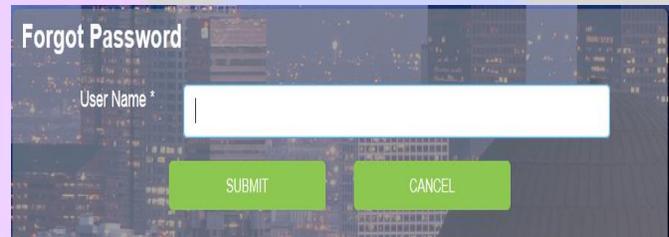

- For LA County employees their logon credentials will be LA County Hosted “e + employee number” / eCAPS “Password”
- For Independent LEAs, User Names have been/will be provided by the LEA’s system administrator, and after creating the User access an e-mail confirmation will be sent to the User with a temporary password. Upon login User will be required to change password.

Forgot Password

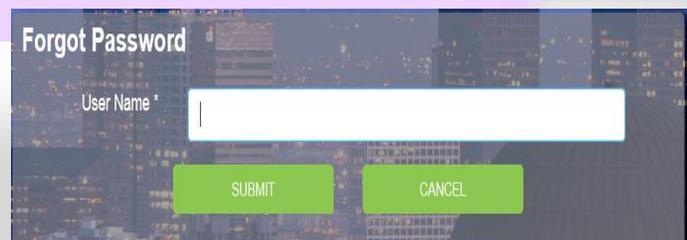

LA County Users clicking the forgot password will allow them to reset their Active Directory Password

- LA County users will be instructed to click on a link to reset their Hosted User ID/ Password
- The blue hyperlink will navigate LA County staff to the ISD Password & Management Account System to reset their Hosted User ID/ Password

Independent LEAs clicking the forgot password will allow the users to reset their eSCARS password

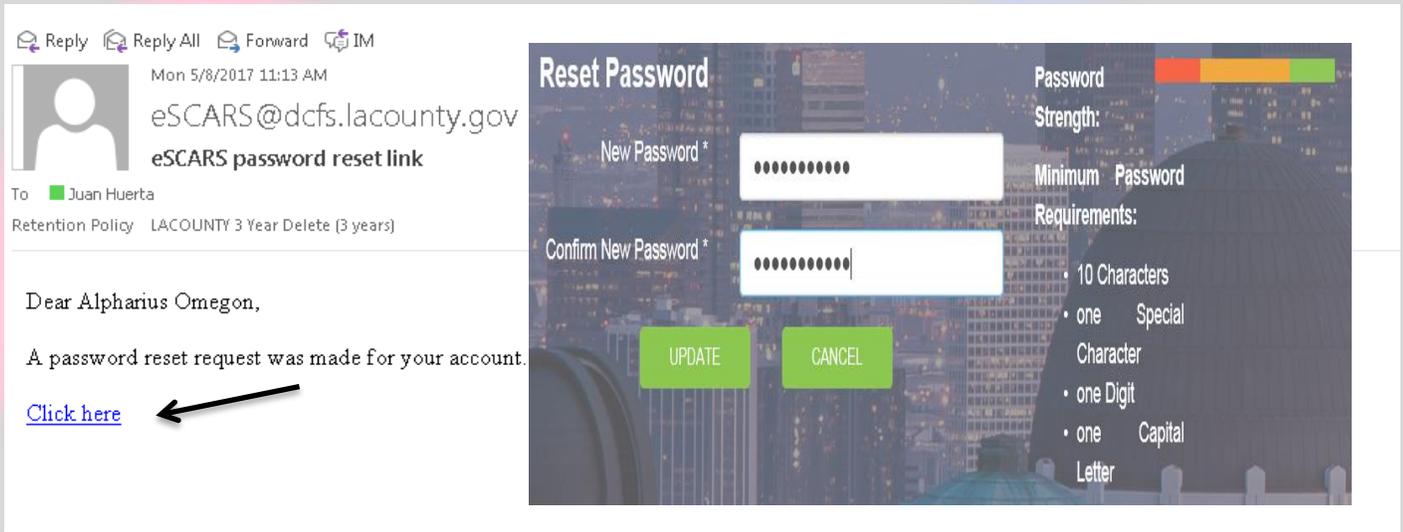

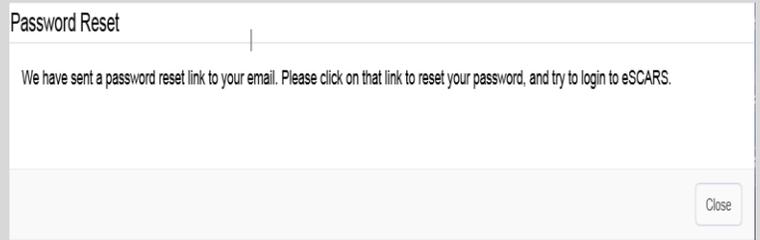

- For Independent users they will enter the User Name and click Submit. A message

will display stating a reset link has been sent

- Clicking on the “[Click here](#)” link in the automatic e-mail message sent from eSCARS will navigate the user to the Reset Password screen

- User will be instructed to enter new Password

Enhanced Dashboard

eSCARS dashboard has been modified to have a more modern look and feel. The new Dashboard will assist the user in navigating eSCARS. Each dashboard tile represents the number of SCARs, for that labeled category, for the date range selected. Clicking the tile will return a hyperlinked list of those SCARs, which the User can then click to drill down into the SCAR Details Page of that SCAR.

The view below includes tiles relating to Submission, Transmission and Routing, which are visible to Users with Admin Privilege. LEA Users without Admin Privilege will not see these tiles

The screenshot shows the eSCARS Dashboard interface. At the top, it says "ELECTRONIC SUSPECTED CHILD ABUSE REPORT SYSTEM" and "Welcome Juan Huerta (System User)". A red notification banner states "There are 1 unopened Child Fatality SCAR(s)". Below this, there are filter sections for "Date Range" (May 1, 2017 - May 31, 2017), "Organization" (LEA), "Agency" (All), and "Department" (All). The dashboard is divided into several sections:

- Agency Status:**
 - Critical / Fatality: 1
 - Unopened: 166
 - Pending: 1031
 - LEA Generated: 85
 - Forward Request Received: 8
 - Forward Request Submitted: 8
- Agency Action:**
 - Crime Suspected: 671
 - Crime Suspected - Not Child Abuse: 1
 - No Crime Suspected: 951
 - No Investigation: 163
 - Forwarded SCARs: 87
- Submission, Transmission and Routing:**
 - Submitted to eSCARS: 2999
 - Forwarded SCARs Received: 92
 - Transmitted: 2431
 - Failed Transmission: 5
 - LEA Generated: 651
 - Sensitive: 11 (7 Trans, 4 Not Trans)
- Rerouted SCARs:**
 - Missing Information: 6
 - Wrong Agency: 16
 - General Neglect: 0

Agency Status

- **Critical / Fatality** – SCARS sent to LEAs in which a child has died (Fatality), or where a child has been in Intensive Care for over 24 hours (Critical Incident)

- **Unopened** - SCARS that have been transmitted to LEA, but the LEA has not opened the SCAR in eSCARS
- **Pending** – SCARS that have been received by the LEA and who have updated the Status to Pending
- **LEA Generated** – SCARS that have been cross reported to DCFS by law enforcement. These SCARS are not transmitted back to law enforcement
- **Forward Request Received** – A request received by an LEA, from another LEA, to forward the SCAR via eSCARS
- **Forward Request Submitted** – A request submitted by an LEA to forward a SCAR to another LEA via eSCARS

Agency Action

- **Crime Suspected** – SCARs that have been investigated by a law enforcement agency in which a child abuse related crime is suspected
- **Crime Suspected-Not Child Abuse** – SCARs that have been investigated by a law enforcement agency in which evidence of crime is found, though not a child abuse related crime
- **No Crime Suspected** – SCARs that have been investigated by a law enforcement agency in which no child abuse related crime is suspected
- **No Investigation** – SCARs sent to a law enforcement agency which has determined that no investigation is warranted (e.g., *only* General Neglect alleged; allegations of domestic violence, but no specific allegations of child abuse; etc.)
- **Forwarded SCARS** – SCARs sent by the DCFS Child Protection Hotline to a law enforcement agency, which after investigation determined that the alleged child abuse incident occurred in another agency's jurisdiction. Following law enforcement agency-agency phone communications, agreement and required actions taken in eSCARS, the SCAR is forwarded in eSCARS to the agency which has jurisdiction

Submission, Transmission and Routing

- **Submitted to eSCARS** – Total # of SCARS that have been submitted to eSCARS
- **Forwarded SCARS Received** – Total # of SCARS that were forwarded from other law enforcement agencies
- **Transmitted** - Total # of SCARS that have been successfully Transmitted to an LEA
- **Failed Transmission** - Total # of SCARS in which all attempts to transmit the SCAR to the agency have failed
- **LEA Generated** - Total # of SCARS that are cross reported by LEAs to the Child Protection Hotline
- **Sensitive – Transmitted / Not Transmitted** – SCARS that are accessible only to users who are granted Sensitive privilege; these SCARS are not transmitted through eSCARS but are handled by the Child Protection Hotline directly calling the appropriate agency and manually faxing a copy of the SCAR by stand-alone fax machine

Rerouted SCARs

- **Missing Information** – SCARs that are sent back to the DCFS Hotline because there is limited or missing information
- **Wrong Agency** – SCARs that are sent back to the DCFS Hotline because they were routed to the wrong jurisdiction
- **General Neglect** - SCARs that are sent back to the DCFS Hotline by an LEA because only General Neglect is alleged in the SCAR narrative

Caseload View

The view of SCARs for CSWs are controlled by their assigned caseload; upon logging into eSCARS the assigned CSW’s Referral caseload in eSCARS will display. (The CSW’s General Neglect Referrals will not display in eSCARS.)

For SCSWs, they will be able to access all caseloads in their unit, as well as the units of other ER SCSWs in that office to ensure proper duty coverage.

SCSW can select other CSW and Units from dropdown

Search Parameters

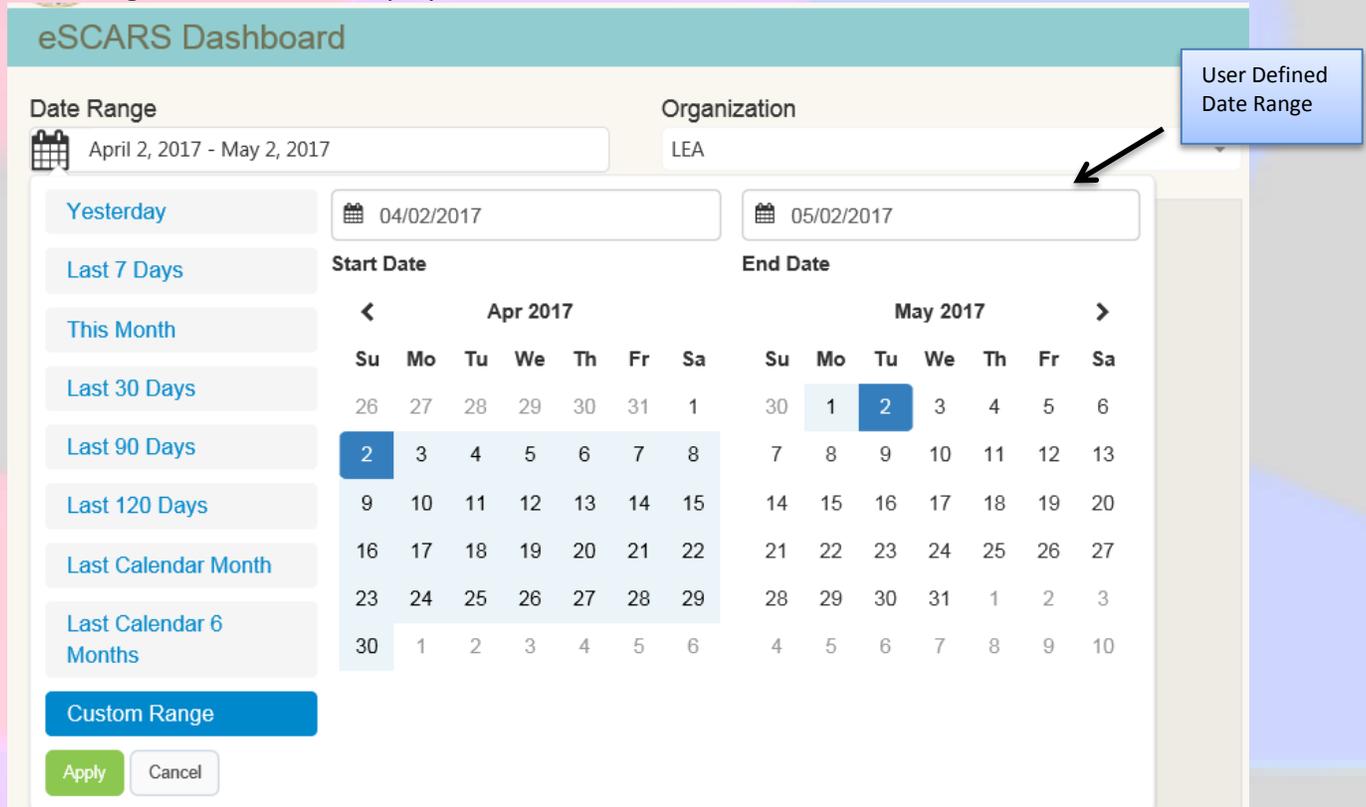

The eSCARS will allow the user to select a date range when searching for SCARS

Date Range

- Click on the Date Range calendar icon in the home screen (2 calendars will display)

Date Range Calendars will display

- Select a date range
- Then click the green "Apply" Button
- SCARS created during the selected date range will appear

SCAR Results (Per the date range selected)

The screenshot shows the eSCARS Dashboard with the following data:

Category	Item	Count
Agency Status	Critical / Fatality	0
	Unopened	10
	Pending	5
	LEA Generated	6
	Forward Request Received	2
	Forward Request Submitted	0
Agency Action	Crime Suspected	12
	Crime Suspected Not Child Abuse	0
	No Crime Suspected	18
	No Investigation	1
Forwarded SCARs	2	
Submission, Transmission and Routing	Submitted to eSCARS	52
	Forwarded SCARs Received	1
	Transmitted	35
	Failed Transmission	0
	LEA Generated	17
	Sensitive - Not Transmitted	0
Rerouted SCARs	Missing Information	1
	Wrong Agency	0
	General Neglect	0

When clicking on the date range icon, there are several pre-defined date selections the User can select when searching

The screenshot shows the Date Range dropdown menu with the following options:

- Yesterday
- Last 7 Days
- This Month
- Last 30 Days
- Last 90 Days
- Last 120 Days
- Last Calendar Month
- Last Calendar 6 Months
- Custom Range

A callout box labeled "Predefined date selections" points to the "This Month" option.

If user is DA or LEA Admin with organizational access they will be allowed to filter by Agency and Department. The dashboard will display the Agency/Department selected. For LAPD and LASD Users without Admin privilege, they will only be able to view data for their particular Station (LASD) or Division (LAPD).

SCAR DETAILS PAGE

In the new eSCARS, instead of the current three-tabbed/multi-section *SCAR Details Page*, eSCARS now uses a one page, six section format. The Sections are: *Profile*; *Involved Parties*; *LEA Action*; *Comments*; *District Attorney*; and *DCFS Conclusion*.

Profile Section

The SCAR Details Page- Profile Section opens by default. It can be accessed via any of the dashboards and clicking on any referral number. The *Profile Section* will include *Reporting Party/Parties* information, and *CSW* information. *Reporting Party/Parties* information comes directly from data entered into CWS/CMS by the CPH CSW at the time the Referral is created in CWS/CMS and approved by their SCSW . The *CSW Section* will initially display the CPH CSW who created the Referral, and when the Referral is assigned to an ER CSW for investigation on CWS/CMS, that Primary Assignment information will be displayed in this eSCARS Section. eSCARS will track and display Primary Assignment for 60 days. If the DCFS Child Protection Hotline has *Evaluated Out* a Referral (meaning no DCFS Services CSW will be assigned), but cross reported it to an LEA via eSCARS, the Referral's *Evaluated Out* status will be displayed in the *Profile section's CSW field*.

Associated SCARs **174**
DCFS History **25**
SCAR Image
SCAR Log

Accessible thru each individual SCAR – Profile Record

Associated SCARS

The **Associated SCAR** button is active when the SCAR in view has an Associated SCAR in the eSCARS database (contains records back to 1-1-2009) related to the Victim Name, Victim Address or Suspect Name.

DCFS History

The **DCFS History** button is active when the SCAR in view has DCFS History related to the Victim Name, Victim Address or Suspect Name in the CWS/CMS Datamart database (contains records back to pre-1997), but not in, or in addition to, the eSCARS database.

SCAR Image

Clicking the **SCAR Image** button returns to the User a .pdf image file of the legally mandated Suspected Child Abuse Report (SCAR) document (California DOJ Form SS8572). LEAs and CSWs typically will print out the SCAR to take with them on their investigations.

SCAR Log

Clicking the **SCAR Log** button returns to the User a time and date stamped chronological list of all action taken on that SCAR by all Users, beginning with SCAR creation at the Child Protection Hotline. Each page view, update, or data entry is captured and displayed by User, Agency, Department (if relevant), and User Role.

Involved Parties

The involved Parties Section displays Victim information, Suspect information and Incident (Allegation) information. Data in these fields comes directly from data entered into CWS/CMS by the CPH CSW at the time the Referral is created in CWS/CMS and approved by their SCSW.

LEA Action

The *LEA Action Section* is the core component of eSCARS following successful cross report to an LEA. It contains several buttons enabling reroute of the SCAR back to the Child Protection Hotline, update of investigative findings, update of staff assignments, forwarding of the SCAR, upload of documents, etc. Let's look at this most critical eSCARS page in detail:

- LEA Action

LEA Name: El Monte PD/El Monte PD	LEA Report No: 17-022849	LEA Status: Crime Suspected

FIRST NAME	LAST NAME	PHONE NUMBER	EMAIL	COMMENT
Juan	Huerta	(562)-940-3720 Ext:	huertj3@dcfs.lacounty.gov	A new Investigator

- **LEA Name:** - Login credentials identify the LEA (Agency- El Monte PD in this example), and the Department if the Agency has a sub Department (only LASD and LAPD).
- **LEA Report Number:** - Derived from data entered by the LEA in the Assign Investigator pop up window, which opens up a web form upon clicking the Assign Investigator button shaded in blue just below the LEA Action Summary section.
- **LEA Status:** - This section will display the current Status of the SCAR. Possible Status' are: Unopened; Pending; Crime Suspected; No Crime Suspected; Crime Suspected – Not Child Abuse; and No Investigation. By default, eSCARS' are transmitted to LEAs in Unopened Status, except for LASD, which due to the JDIC interface, receives their SCARS in Pending Status by default:
- **Reroute Status-** Identifies status of any Reroute actions in process.
- **Reroute Reason-** Identifies reason for any Reroute actions in process.
- **Reroute Comment-** Displays required *Comment* for any *Reroute* actions in process.

Comments

The Comments Section will display, in chronological order, all comments made by LEA Users, DA Users or DCFS Users during the investigative life of this particular SCAR. All comments entered in the other sections will display in the section.

– Comments

[Add Comment](#)

TYPE	DATE	NAME	COMMENT	AGENCY/DEPT	STATUS

District Attorney

The District Attorney Section contains an Add Prosecutor Button at top center of the section. Clicking the Add Prosecutor Button will open the Assigned Prosecutor form. By default, the Assigned Prosecutor form will display the eSCARS Referral #; require mandatory entry of the Assigned Attorney’s First Name, Last Name and Contact Phone # information; and contains fields for entry of the Assigned Attorney’s E-Mail Address and Superior Court Case #.

– District Attorney

FIRST NAME	LAST NAME	PHONE NUMBER	EMAIL	COURT CASE NUMBER	COMMENT
No data					

DCFS Conclusion

The DCFS Conclusion Section contains information about the DCFS CSW’s child welfare investigation conclusions. All data displayed in these fields comes from data entered in to the CWS/CMS system by the CSW. No manual data entry into these fields is possible. For each child entered into CWS/CMS as a possible victim of child abuse (each allegation containing the three required elements: Child-Suspect-Allegation(s)), the CSW must conclude each allegation as either Substantiated; Inconclusive; or Unfounded. On the day following the CSW’s Allegation Conclusion update of CWS/CMS, the findings will appear in this section.

Forward History Filter your search Results...

REQUEST DATE	FORWARD TO LEA	CONTACT PERSON	CONTACT PHONE	CONTACT EMAIL	STATUS	DECISION	FORWARD REQUEST COMMENTS	FORWARD DECISION COMMENTS
No data								

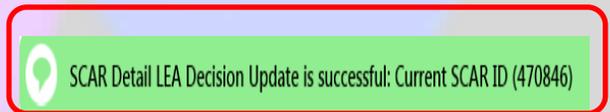

- On the Status Update window enter the following
 - LEA Report Number
 - Select Status from the dropdown
 - Values displayed on dropdown
 - ✓ Unopened
 - ✓ Pending
 - ✓ No Crime Suspected
 - ✓ Crime Suspected
 - ✓ No Investigation
 - ✓ Crime Suspected – Not Child Abuse
 - Enter LEA Comments
 - Click on the blue Update Button to save

- **Selecting “Crime Suspected & Crime Suspected – Not Child Abuse” will generate an automatic e-mail to the assigned DCFS CSW notifying them of the updated status of the referral**

- A green shaded message will display when the status has been updated

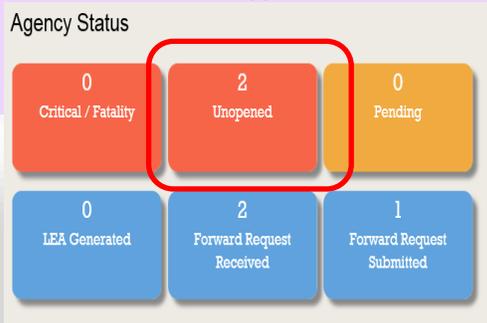

Reroute

Clicking the Reroute Button opens the Reroute window enabling the LEA to Reroute the SCAR back to the Child Protection Hotline (CPH).

**Rerouted SCARS will be selected from the unopened SCAR Tile dashboard only, except for LASD, who’s SCARS arrives via eSCARS in Pending status by default.*

Steps:

- Click on an agency tile from the dashboard. From the Referral Results Grid, click the Referral Number Hyperlink from the Unopened or Pending (LASD) SCAR Tile

Close Assign Investigator

- A green shaded message will display when the LEA Investigator has been assigned

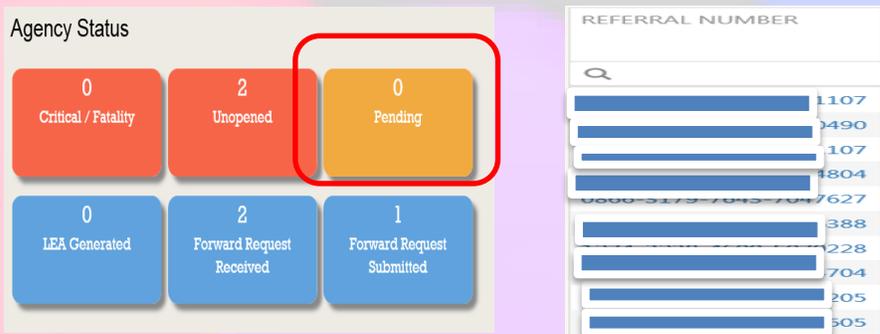

Police Report

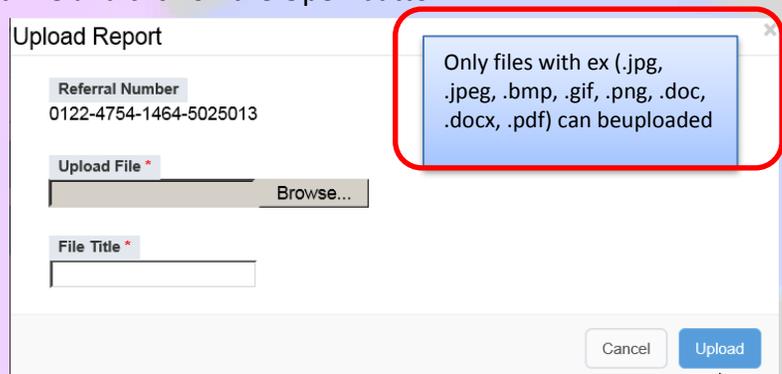

Clicking the Police Report Button opens the Upload Report window enabling the LEA to upload a report to be stored in eSCARS and be accessible by LEAs and by the DA.

Steps:

- Click on a category tile from the Agency dashboard
- On the Referral Results Grid, click on a Referral Number Hyperlink from the Pending SCAR Tile results

- Scroll down to the LEA Action in the SCAR Details Page and click on the “+” sign on the LEA Action section to expand
- Click on the blue “Upload Report” button
- On the Upload Report window enter the following information:
 - Click on the Browse Button
 - Select a File from your local drive and click on the Open button
 - Enter the File Title
- Click on the Upload blue button

- A green shaded message will display when the document has been uploaded

Comments

The Comments Section will display, in chronological order, all comments made by LEA Users, DA Users or DCFS Users during the investigative life of this particular SCAR.

Steps:

- Click on a category tile from the Agency dashboard
- From the Referral Results Grid, click on the Referral Number Hyperlink from the Crime Suspected (or other category) SCAR Tile

- Scroll down to the LEA Action Section in the SCAR Details Page and click on the “+” sign on the Comments section to expand
- Click on the blue “Comments” button
- The Comment window displays
 - Enter Comments in the box
- Click on the Save Button

- A green shaded message will display when the comments are saved

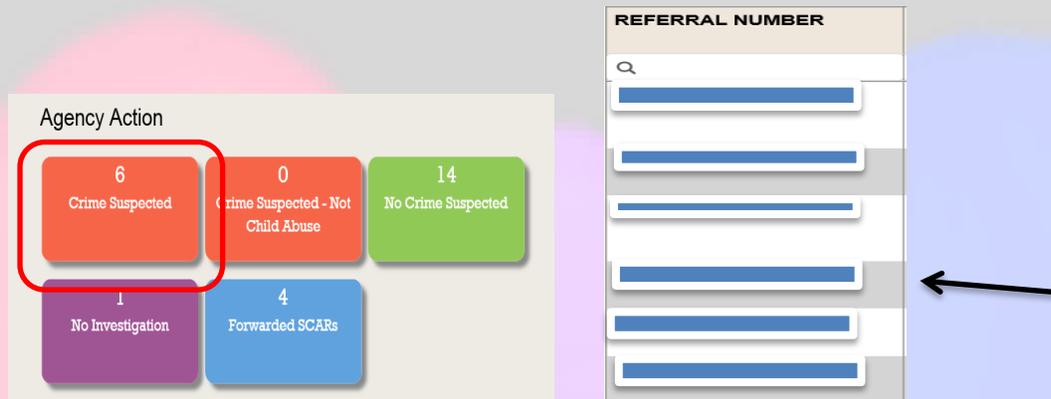

District Attorney

The District Attorney section, when updated by the DA, will display the attorney assigned to the SCAR along with the Superior Court Case Number.

Steps:

- Click on the Referral Number Hyperlink from the Crime Suspected SCAR Tile Referral Results Grid

- Scroll down to the SCAR Details Page- District Attorney section and click on the “+” sign to expand
- Click on the blue “Add Prosecutor” button
- The Add Prosecutor window displays enter the following information:
 - First Name
 - Last Name
 - Email Address
 - Contact #
 - Ext
 - Court Case #
 - Comment

- Click on the Add Prosecutor Button
- A green shaded message will display when the Add Prosecutor actions are saved

 SCAR Detail DA Detail Insert is successful: Current SCAR ID (417095)

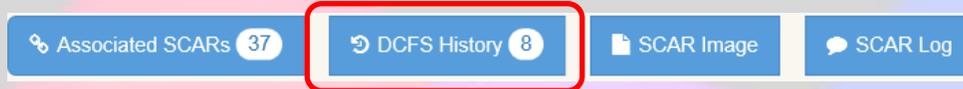

DCFS History

The **DCFS History** button is active when the SCAR in view has DCFS history related to the Victim Name, Victim Address or Suspect Name in the CWS/CMS Datamart database (contains records back to pre-1997), but not in, or in addition to, the eSCARS database.

Steps:

- Click on the DCFS History button in the top section
 - If no DCFS History information is available the button will not be active

- The DCFS History screen will have blue and green referrals
 - The blue referrals are associated with SCARS currently in eSCARS
 - The green referrals denotes referral information is in CWS/CMS but not in eSCARS
- Click on the green referral hyperlink

[Please click this link to respond the request ASAP](#) ←

- Login to eSCARS

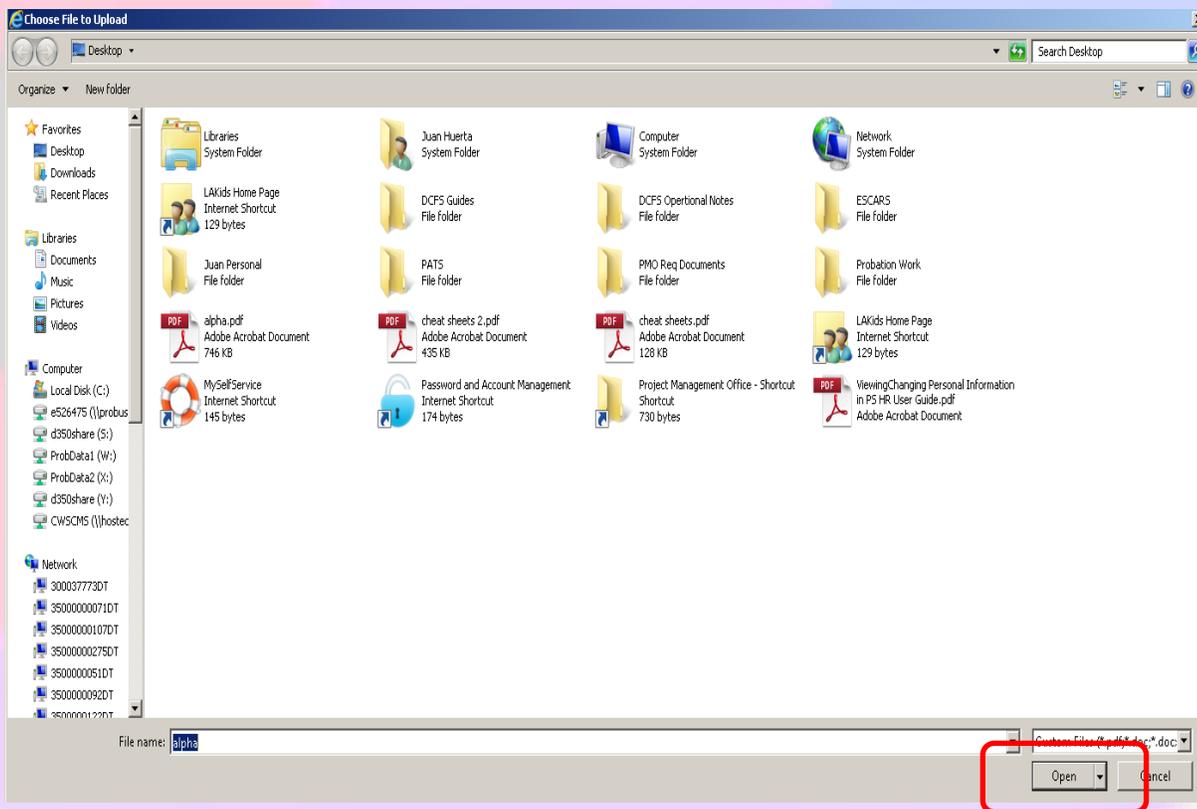

- Select the Image File Button to upload the document

- Browse for the files in the "Choose File to Upload" Window and select the document that is to be uploaded
- Select the File
- Click on Open when the file is selected

- Click on the “Upload Image”
- After the image has been uploaded click on the Send E-Mail button

- A message “Send Email” will display.
 - Click on Yes
- A green shaded message stating “Referral Request has been sent” will display

LEA DCFS Referral Request

LEA user will receive an automatic e-mail alert stating Referral Narrative has been sent

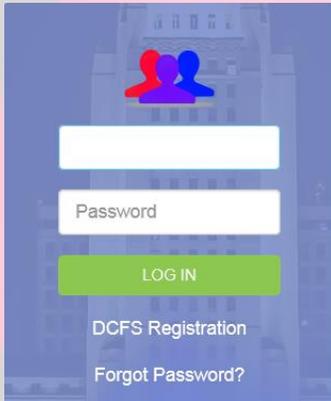

Steps:

- Click on the Referral hyperlink from the eSCARS email
- Login into eSCARS

This is the result of SCAR narrative for referral

Referral Number:
Requester User: Nathaniel Garro

[Please click this link to receive SCAR Image File](#)

- Click on the Download File Hyperlink to download the File

- Open and view the document

SCAR Image

Clicking the **SCAR Image** button returns to the User a .pdf image file of the legally mandated Suspected Child Abuse Report (SCAR) document (California DOJ Form SS8572).

Steps:

- Click on the blue SCAR Image button in the top section
 - The SCAR PDF document will display

SCAR Log

Clicking the **SCAR Log** button returns to the User a time and date stamped chronological list of all action taken on that SCAR by all Users, beginning with SCAR creation at the Child Protection Hotline. Each user action is tracked (view, update, or data entry) by Date, User Name, Action, Department, User Role, and Remarks.

Steps:

- Click on the blue SCAR Log button in the top section

- The table will track all users actions taken in eSCARS

Audit Tables

Querying

eSCARS will allow the Users to search or group data sets, which will allow all Users to view and efficiently search for information

Filtering

eSCARS Users can filter data by any column within the system

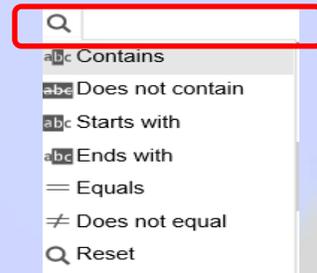

Steps:

- Select the Lookup icon on any of the columns within a data grid
- Select the Icon Chooser from any column

Drag a column header here to group by that column Filter your search Results...

REFERRAL NUMBER	REFERRAL NAME	CREATED DATE	LEA STATUS	INCIDENT DATE	INCIDENT PLACE	LEA NO.	SENSITIVE OR SEALED	CHILD FATALITY	TRANS. STATUS
Q	Q	Q	Q	Q	Q	Q	Q	Q	Q

- Select a filtering option
- Enter information in the column that is filtered
- Data that matches the User’s entry will display on the screen

Grid Search Filter

Users can also filter their search results for all columns at once

Steps:

- Enter data on the “Filter your Search Results” field (e.g., part of a name; part of a Referral Number, etc.)
- Data that matches the User’s entry will display on the screen

Drag a column header here to group by that column Filter your search Results...

REFERRAL NUMBER	REFERRAL NAME	CREATED DATE	LEA STATUS	INCIDENT DATE	INCIDENT PLACE	LEA NO.	SENSITIVE OR SEALED	CHILD FATALITY	TRANS. STATUS
Q	Q	Q	Q	Q	Q	Q	Q	Q	Q

Grouping

eSCARS will allow the User to group data

Steps:

- Drag any column to the section of the screen

Column Chooser

eSCARS will allow the User to remove columns from the data grid, allowing the User to manipulate way the data is displayed

Steps:

- Select the Column Chooser Option
- Drag a Column heading and drop it into the Column Chooser box

- The column will no longer appear on the Data Grid

Column Sorting

eSCARS will allow Users to sort columns in ascending or descending order

Steps:

- Click on any column heading within the data grid
- The column will sort in descending or ascending order depending on the placement of the arrow

REPORTS

eSCARS has built in reports, and the report section will allow the User to select reporting within a date range. Reports will be accessible to Users according to their User Role. The reports parameters are as follows:

- Date Range
 - Provides a range User can select from
- Agency
 - Law Enforcement Agencies that utilized eSCARS
- Department
 - Departments within the selected Agency (e.g. LASD - Norwalk Station; LAPD – Central Division)

Clearance Status Report

The Clearance Status report will display SCARs that have been processed per Department. Status of all SCARs within the date range selected. Includes Unopened, Pending, Crime Suspected/No Crime Suspected /No Investigation. List of SCARs hyperlinked to SCAR Details page of that SCAR

Steps:

- Select a date range
 - If User is DA the LEA dropdown will display all agencies
 - If User is LEA the dropdown will only display the agency they are assigned to
- Click on the Generate Report

SCAR Discrepancy Report

The SCAR Discrepancy report is generated to display discrepant findings between Law Enforcement Agencies and DCFS, e.g., law enforcement finds “Crime Suspected,” but DCFS’ Conclusion is “Inconclusive” on the same SCAR.

Steps:

- Select a date range
- Select the LEA from the dropdown
- Click on the Generate Report

Report

SYSTEM ADMINISTRATION

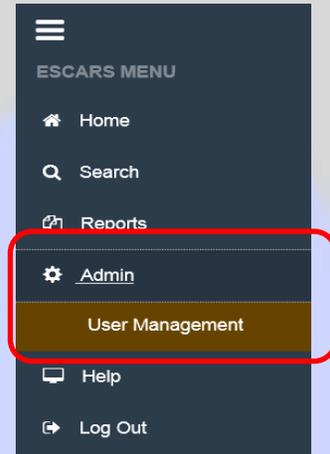

User Management

The User Management section in eSCARS grants the ability to LEA and DA administrative staff to manage and maintain all active Users in eSCARS. This section is only available to staff with the following User Roles

- LEA Admin
- DA Admin

Steps:

- Click on the Left Navigation Menu
- Click on the User Management under the Admin Section

In the User Management screen the System Level Administrator can:

- Add Users
- Inactivate Users
- Change User Roles

Add New Account

* For Independent LEAs, a new user can be created in eSCARS

* Agencies that are within the LA County Network (LASD, District Attorney) are required to enter the Employee #, First or Last Name and search Active Directory to validate the employee's Active status

Independent LEA

Steps:

- Click on the Add New Red Button

LOGON ID	NAME	PHONE #	EMAIL #	ORG	AGENCY	DEPARTMENT	ROLE	NOT LOCKED	AD ACCOUNT	PRIVILEGE
Q	Q	Q	Q	Q	Q	Q	Q	(All)	(All)	Q

On the Add **New User Screen** enter the required fields

- Logon ID
- First Name
- Last Name
- Manage SCAR
- Phone #
- Mobile #
- Email
- Select On or Off on the
 - View Sensitive SCAR
 - Set Sensitive SCAR
 - View Sealed SCAR
- Role
- Select Yes or No on the
 - DCFS Account Locked
 - Active
- Click on the Save Button

Add New User
